You will now need to select to create a team or join a team. We will look at creating a team first. Start by selecting **Create Team**.

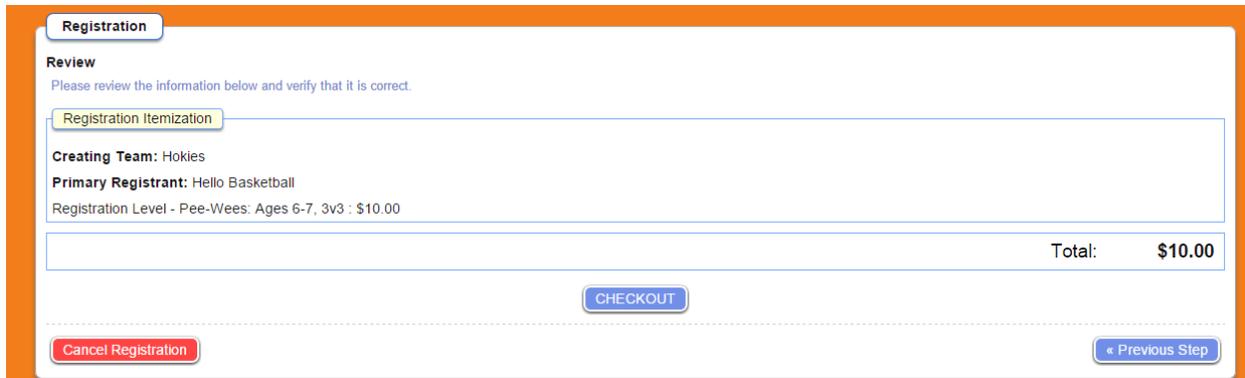

Next you will need to select a team name.

Once you have selected a team name, you will see a list of current registrants

You may add other registrants up to the limit provided for your age group (3v3 or 4v4). You will be charged for each registrant at checkout.

NOTICE: For Dunk and 3 point competitors, you may not register additional registrants for your team as it is a solo competition.

Virtual registrants may register as many people as they wish for their team. Each Registrant must pay a registration fee.

Finish your check out. You will receive a confirmation email that you have registered for the event.

Next we will look at **Join Team.** This will be used when you wish to have each registrant pay his/her own registration fee.

Once you select the team you wish to join, click Join. You will then follow the steps to check out. Once completed, you will now be placed on that team. Please make sure you have the correct team as no adjustments will be made once registered. Limitations to the 3v3/4v4 team sizes still apply

Once all team slots are filled, team registration will close for the event for that age group. Please email the event organizers if you have any issues or questions.
